PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of United Parcel Service, Inc. in connection with the Annual Meeting of Shareowners to be held on May 12, 2000 and is being mailed with this proxy statement to our shareowners on or about March , 2000. You have the right to revoke your proxy at any time before it is voted by giving written notice of revocation to our Secretary, by submitting a subsequent proxy or by voting in person at the meeting.

In this Proxy Statement, the terms "we" and "us" include both United Parcel Service, Inc. and United Parcel Service of America, Inc. In October 1999, the shareowners of United Parcel Service of America, Inc. approved the merger of that company with a subsidiary of United Parcel Service, Inc. As a result of the merger, which was completed in November 1999, United Parcel Service of America, Inc. became a wholly owned subsidiary of United Parcel Service, Inc.

We had shares of our class A common stock (which includes our class A-1, class A-2 and class A-3 common stock) and shares of our class B common stock outstanding and entitled to vote at the close of business on March 15, 2000. Holders of class A common stock are entitled to ten votes per share and holders of class B common stock are entitled to one vote per share on all matters voted on by shareowners. However, the voting rights of any shareowner or shareowners as a group, other than any of our employee benefit plans, that beneficially own more than 25% of our voting power are limited so that such shareowner or group may cast only one one-hundredth of a vote with respect to each vote in excess of 25% of the outstanding voting power. The shares of class A and class B common stock are our only securities entitled to be voted at our Annual Meeting of Shareowners. Only shareowners of record at the close of business on March 15, 2000 will be entitled to vote at the Annual Meeting. In accordance with Delaware law, a list of shareowners entitled to vote at the meeting will be available at the place of the Annual Meeting on May 12, 2000 and at The Corporation Trust Company, 1209 Orange Street, Wilmington, Delaware 19801, for 10 days prior to the meeting, between the hours of 9:00 a.m. and 5:00 p.m.

Our Bylaws provide that at any meeting of shareowners, the holders of a majority of our issued and outstanding common stock present in person or by proxy constitute a quorum for the transaction of business. The election of directors will be decided by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. Accordingly, abstentions and broker non-votes will not affect the outcome of the election of directors. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that proposal and has not received voting instructions from the

beneficial owner. The ratification of the appointment of Deloitte & Touche LLP as independent auditors requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote thereon. An abstention will be counted as a vote against the ratification of Deloitte & Touche LLP as independent auditors. With respect to broker non-votes, the shares will be considered present at the meeting for quorum purposes. The approval of the amendment to our Restated Certificate of Incorporation requires the affirmative vote of a majority of the outstanding shares entitled to vote thereon. Accordingly, both abstentions and broker non-votes will have the effect of a vote against the adoption of the amendment to our Restated Certificate of Incorporation. No cumulative rights are authorized and dissenters' rights are not applicable to the matters being voted upon.

ELECTION OF DIRECTORS
(Proposal No. 1)

All shares of stock represented by properly executed proxies received in response to this solicitation will be voted for the election of the directors as specified in the proxy by the shareowners. Unless otherwise specified in the proxy, it is the intention of the persons named on the enclosed proxy card to vote FOR the election of the following persons as directors. If elected, they will serve until the next annual meeting and until the election and qualification of their successors. All directors are elected annually.

Nominees

A Board of 13 directors will be elected at the Annual Meeting. All of the current directors have been nominated for re-election, except that Mr. Rogers has declined to stand for re-election. John W. Alden announced his retirement from the Board in August 1999, which took effect in February 2000.

class A common stock contributed by us to the accounts of the named individuals pursuant to the UPS SavingsPLUS plan. The additional amounts for 1999 relate to income imputed based on life insurance premiums paid by us on behalf of these executives pursuant to a new distribution election option under the UPS Excess Coordinating Benefit Plan.

 - (2) Represents the fair market value on the date of grant. The exercise price may be paid by the delivery of already owned shares, subject to certain conditions.

The last year that options were granted under this plan was 1999.
 - (4) Reflects options granted under the United Parcel Service, Inc. Incentive Compensation Plan. Generally, options granted under the Incentive Compensation Plan may be exercised between three and ten years from the date of grant.

Options were granted to our directors under the 1996 Stock Option Plan in March 1999 and under the Incentive Compensation Plan in November 1999. Options will no longer be granted under the 1996 Stock Option Plan, and no options will be granted to directors under the Incentive Compensation Plan in 2000. Beginning in 2001, options to directors will generally be granted only in the first quarter of each year at the discretion of the Board.

The following table shows the estimated annual retirement benefit payable on a single-life-only annuity basis to participating employees, including our Chief Executive Officer and our Named Executive Officers, under the UPS Retirement Plan and UPS Excess Coordinating Benefit Plan upon retirement, assumed to occur at age 65. Participating employees are also entitled to receive \$16,440 per year, which is the maximum currently payable, in primary Social Security benefits:

Internal Revenue Service, would be paid pursuant to the UPS Excess Coordinating Benefit Plan. Pursuant to this plan, participants may choose to receive the benefit in the form of a life annuity, cash lump sum or life insurance with a cash value up to 100% of the present value of the benefit. Beginning with 1994, no more than \$150,000, which is adjusted from time to time by the Internal Revenue Service, of cash compensation could be taken into account in calculating benefits payable under the UPS Retirement Plan. Participants who elect forms of payment with survivor options will receive lesser amounts than those shown in the above table.

The compensation upon which the benefits are summarized in the table above includes salary and bonuses awarded under the UPS Managers Incentive Plan and the UPS Incentive Compensation Plan. The average final compensation for each participant in the plans is the average covered compensation of the participant during the five highest consecutive years out of the last ten full calendar years of service.

As of December 31, 1999, estimated or actual credited years of service under the plans to our Chief Executive Officer and our Named Executive Officers was as follows: Kelly -- 35, Alden -- 35, Schaffer -- 30, Clanin -- 29 and Moderow -- 29.

The plans permit participants with 25 or more years of benefit service to retire as early as age 55 with no or only a limited reduction in the amount of their monthly benefits.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee of the Board of Directors has responsibility for determining the salary of the CEO, and for approving the salaries of all other executive officers after the CEO's recommendation. The Committee also determines the eligibility and levels of participation of executive officers under the United Parcel Service, Inc. Incentive Compensation Plan. The compensation department of the Human Resources group and independent compensation consultants assist the Committee.

One of the most important compensation policies is the historical focus on the "manager-owner" concept, which has played a central role in the Company's success. Throughout its history, UPS has been owned by its managers and managed by its owners. To achieve this objective, compensation plans have facilitated stock ownership by management employees. The UPS Managers Incentive Plan, the UPS 1996 Stock Option Plan and UPS SavingsPLUS and United Parcel Service, Inc. Incentive Compensation Plan are each examples of such plans.

UPS has a long-standing policy of promotion from within, wherever possible, which has significantly reduced, relative to other companies, the need to externally hire managers and executive officers. The overall management organization is comprised, to a high degree, of employees who have spent virtually their entire careers with the Company.

Executive compensation has been strongly influenced by these policies. The CEO and Named Executive Officers are all long-term employees, each having more than 25 years of service. Because plans are designed to foster stock ownership by managers, each Named Executive Officer has accumulated a meaningful number of shares of the Company's common stock. As a result, the interests of shareowners and our executive officers are closely aligned, and the executive officers have strong incentives to provide for our effective management. In the case of the CEO and each of the Named Executive Officers, annual appreciation derived from stock ownership, dividends and from awards under the UPS Managers Incentive Plan, the UPS 1996 Stock Option Plan and the United Parcel Service, Inc. Incentive Compensation Plan exceeds direct cash compensation. Of the forms of compensation in use, the awards formerly granted under the UPS Managers Incentive Plan, and now granted under the United Parcel Service, Inc. Incentive Compensation Plan, are most directly keyed to corporate performance because the aggregate amount available for distribution is based on profits.

With respect to cash compensation, the Committee reviews data received directly from consultants concerning compensation for comparable positions at companies having similar revenues, irrespective of the financial performance of those companies. The 1999 salaries of each executive officer, including that of the CEO, were less than median compensation levels at similarly sized companies. The companies used for executive compensation comparisons are not limited to the companies comprising the S&P 500 Index and the Dow Jones Transport Average used in the performance charts following this report.

To determine the appropriate CEO compensation and approve the appropriate compensation of each executive officer, the Committee exercises its judgment based on considerations including overall responsibilities and the importance of these responsibilities to the Company's success, experience and ability, past short-term and long-term job performance and salary history. A significant factor in determining annual salary increases is the strong desire of the Committee to keep the compensation levels of executive officers equitable in comparison with the compensation of other executives with similar responsibilities at comparable companies and when compared to the compensation of other UPS management positions. The Committee places a strong emphasis on teamwork; therefore, annual base salaries are not solely dependent on objective, corporate performance standards for any executive officer.

The Committee recommended and the Board approved a base salary increase for the CEO (Jim Kelly) that reflected Jim's strategic vision and leadership, UPS's business and operational results, and his ability to position UPS as the premier enabler of global commerce. The Committee did not assign particular weights to these factors.

Stock bonus awards under the United Parcel Service, Inc. Incentive Compensation Plan are determined by a formula that takes into consideration profits, monthly salary, the number of participants and the level of participation. The level of participation for the CEO and executive officers is the same as for approximately 10,000 participating employees at or above the center manager level.

Options granted under the United Parcel Service, Inc. Incentive Compensation Plan are long-term options intended to promote continuity of employment and to provide an additional opportunity for stock ownership. Generally, eligible employees include division managers, district department managers and others having equivalent or greater responsibilities. The number of options granted is based on salary and level of participation.

Section 162(m) of the Internal Revenue Code makes compensation paid to certain executives in amounts in excess of \$1 million not deductible unless the compensation is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exemptions. The Committee has not adopted a policy that all compensation be deductible under Section 162(m), in order to preserve the Committee's flexibility to compensate executive officers.

Compensation of Directors

In 1999, directors who were not employees received an annual director's fee of \$55,000. Members of our Audit, Compensation and Nominating Committees who were not our employees received an additional annual fee of \$2,500 for each committee on which they served, except that committee chairmen received an additional annual fee of \$4,000. Mr. Rogers has declined to accept any fees for his services as a director.

We established a retirement plan in February 1991, which provided retirement

and disability benefits for directors who were neither employees nor former employees. Effective January 1, 1997, our Board agreed to discontinue this plan and, instead, increased the options for which outside directors are eligible under the UPS 1996 Stock Option Plan. At the discretion of our Board of Directors, outside directors may now receive grants of options under the United Parcel Service, Inc. Incentive Compensation Plan. To satisfy the obligations previously accrued under the retirement plan, our Board agreed to allocate to each director certain dollar amounts. These amounts will appreciate or depreciate in tandem with the changes in the share price of our common stock inclusive of dividends. At the time each director ceases to serve on our Board, the then current

13

value of the account will be payable to him or her, or the designated beneficiary, either in cash or shares of our class A common stock. The value of these accounts at December 31, 1999, was: Mr. Brown, \$1,609,825; Mr. MacDougal, \$1,609,825; Mr. Pelson, \$804,913; and Mr. Teeter, \$804,913.

Options were granted to our outside directors in both March 1999 and November 1999, and, as a result, will not be granted in 2000. Beginning in 2001, options to outside directors will generally be granted only in the first quarter of each year at the discretion of the Board.

Outside directors also have the option of deferring some or all of the fees and/or retainer payable in connection with their services on our Board into the UPS Deferred Compensation Plan for Non-Employee Directors. Deferred amounts are invested in certain mutual funds selected by each director. At the time a participating director ceases to be a director, the total value of the director's account will be payable to him or her, or the designated beneficiary, in 40 quarterly installments.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The following non-employee directors were members of the Compensation Committee of our Board of Directors during all or part of 1999: Victor A. Pelson, Gary E. MacDougal, John W. Rogers and Ann M. Livermore. None of the members of the Compensation Committee has any direct or indirect material interest in or relationship with us outside of his or her position as director and, with respect to Mr. Rogers, other than his or her benefits accrued while serving as our employee. Mr. Rogers is our former Chairman of the Board and Chief Executive Officer. He retired from active employment in 1989 and was a member of the Compensation Committee until November 1999.

SHAREOWNER RETURN PERFORMANCE GRAPH

The following graph shows a five-year comparison, prepared in accordance with the rules of the SEC, of cumulative total shareowners' returns for our common stock, the S&P 500 Index and the Dow Jones Transport Average. The comparison of the total cumulative return on investment, which is the change in the quarterly stock price plus reinvested dividends, for each of the quarterly periods assumes that \$100 was invested on December 31, 1994 in (1) the S&P 500 Index; (2) the Dow Jones Transport Average; and (3) the common stock of United Parcel Service of America, Inc., each share of which was converted into two shares of class A common stock of United Parcel Service, Inc. in November 1999. Although there is no public market for our class A common stock, after the expiration of certain restricted periods, it is convertible on a one-for-one basis into our class B common stock for which market quotations are available. The graph below therefore assumes that the class A shares and class B shares have the same value.

In past years, the proxy statement of United Parcel Service of America, Inc. has also included a graph depicting ten-year returns to shareowners. The ten-year graph was included to provide a perspective on share performance that we

considered to be helpful to shareowners before we became a publicly-traded company. However, following our initial public offering, and because of the relationship in the value of our class A common stock and our newly-created and publicly traded class B common stock, we have decided to present only the five-year graph required by SEC rules beginning this year.

CERTAIN BUSINESS RELATIONSHIPS

William H. Brown, III, a member of our Board of Directors, serves as counsel to Schnader Harrison Segal & Lewis LLP, a law firm that provides legal services to us from time to time.

Some of our executive officers are trustees of the UPS Retirement Plan. The UPS Retirement Plan, through wholly owned subsidiaries, owns real property that is leased to our subsidiaries for operating purposes at rental rates determined by independent firms of real estate appraisers. The rentals charged to our subsidiaries for the leased real estate during 1999 by this Plan aggregated \$282,437.

COMMON RELATIONSHIPS WITH OVERSEAS PARTNERS LTD.

We have significant historical and current relationships with Overseas Partners Ltd., or OPL, a Bermuda-based company that is engaged in reinsurance and other businesses. OPL was incorporated under Bermuda law in June 1983 as our wholly owned subsidiary. At least a majority of the owners of our class A common stock also are shareowners of OPL, and a majority of the directors and officers of OPL are our current or former employees. In February 1999, we paid OPL approximately \$33.3 million for approximately 1.7 million shares of OPL common stock to be distributed in connection with UPS Managers Incentive Plan awards.

Certain employees, officers and one of our directors are directors of OPL. In determining which leasing or other arrangements to enter into with us, these individuals consider the impact of their business decisions on each of the two companies. Although they consider prevailing market conditions in making these decisions, there can be no assurance that transactions relating to the two companies will be on the most favorable terms that could be obtained by either party in the open market. Until October 1, 1999, OPL also served as a reinsurer of excess value insurance on packages that we carried. Further information relating to these reinsurance and leasing transactions is provided below.

We do not have any formal conflict of interest resolution procedures. Nevertheless, in connection with the insurance by OPL of risks related to our business, we believe the rates charged by the primary insurers reinsured by OPL were competitive with those charged to shippers utilizing other carriers.

Additionally, in connection with major transactions in which we and OPL have been involved, primarily leasing transactions, we have generally obtained fairness or valuation opinions from one or more leading investment banking firms or other organizations with significant expertise in the evaluation of the interests involved.

During 1999 National Union Fire Insurance Company, a subsidiary of American International Group, Inc., terminated the five underlying policies that provide shippers' risk insurance for our customers. The termination of these policies triggered the immediate termination of the reinsurance agreement between National Union and OPL.

On behalf of our customers, we, along with National Union, agreed on a restructuring of this program, which became effective on October 1, 1999. Commencing on October 1, 1999, National Union issued five new policies covering our customers. Glenlake Financial Corporation, which is a wholly owned subsidiary of UPS Capital Corporation, an indirect wholly owned subsidiary of UPS, and a licensed insurance agency formed in 1998, now offers excess value package insurance to be issued under the five new policies to our customers.

UPS Re Ltd., our wholly owned subsidiary, has entered into a reinsurance agreement under which it will reinsure substantially all of the risks underwritten by National Union in exchange for substantially all of the premiums collected. UPS Re Ltd. is a licensed reinsurance company formed in 1999 to reinsure risks related to us and our subsidiaries. UPS Re Ltd., which is domiciled in Bermuda, has elected to be taxed on its income as part of our consolidated income tax return for federal income tax purposes.

As of March 1, 2000, we did not own any shares of OPL common stock.

Reinsurance Transactions

OPL was organized to reinsure shippers' risks relating to packages carried by us as a common carrier as well as to underwrite life and property and casualty reinsurance for insureds unaffiliated with us. Since commencing operations on January 1, 1984, and until October 1, 1999, OPL's reinsurance business related primarily to reinsuring insurance issued by United States-based insurance companies unaffiliated with us or OPL. This reinsurance covered the risk of loss or damage to shippers' packages carried by our subsidiaries and unaffiliated foreign common carriers whose declared value exceeded \$100 or equivalent in foreign currency. Our position has been that the reinsurance of excess value insurance did not involve transactions conducted between us and OPL. Various subsidiaries of American International Group, Inc., an insurance company unaffiliated with us, have previously insured and continue to insure customer packages in return for premiums paid by the customers. After an adverse decision of the United States Tax Court in August 1999, the OPL reinsurance arrangements were terminated. Until October 1, 1999, OPL reinsured these primary insurers, whose premium payments constituted OPL's largest source of revenues and profits. OPL earned reinsurance premiums of approximately \$273.5 million for reinsuring risks from January 1, 1999 to September 30, 1999. OPL's reinsurance business has also included reinsurance of workers compensation insurance issued by another unaffiliated United States-based insurance company covering risks of one of our subsidiaries in the state of California.

Leasing Transactions

OPL's business also includes leasing certain real property to our subsidiaries through Overseas Partners Capital Corporation. OPCC is a wholly owned subsidiary of OPL, and OPL has guaranteed OPCC's performance of the leasing arrangements described below. In December 1989, OPCC acquired from us the Ramapo Ridge Facility. Beginning in July 1990, we leased this facility for an initial term ending in 2019. We use this facility as a data processing, telecommunications and operations center. Lease payments on this facility have

fixed and variable components. The fixed component provides for aggregate lease payments of approximately \$216.0 million over the initial term of the lease. The variable component is based on the number of customer accounts we maintain.

OPCC has irrevocably assigned the right to receive the fixed component of rentals on the facility lease to its subsidiary, OPL Funding Corp., a Delaware corporation. OPL Funding pledged its interest in these payments to secure bonds issued to finance the acquisition of the leased assets. Our obligation to pay the fixed rentals to OPL Funding is absolute and unconditional during the initial term of the lease and continues after an early lease termination unless we pay to OPL Funding an amount sufficient to defease the remaining interest payments on the bonds. In the event that OPCC fails to pay certain income taxes, we are obligated to pay additional rentals to provide for such taxes. OPCC is required to reimburse us the amount of any such termination or tax payments.

At the conclusion of this lease, we may purchase the Ramapo Ridge Facility at fair market value. We have an option to purchase the land on which the facility is located, but not the buildings, from OPCC in 2050 for approximately \$63.7 million, subject to certain adjustments for increases in the fair market value of the land. In 1999, OPCC and its subsidiary, OPL Funding, received rental payments of approximately \$17.9 million in the aggregate from us pursuant to the lease described above.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and persons who own beneficially more than 10% of either our class A or class B common stock to file reports of ownership and changes in ownership of such stock with the SEC. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file with the SEC. To our knowledge, our directors and executive officers complied during 1999 with all applicable Section 16(a) filing requirements, except that, due to our own error, Mr. MacDougal's annual report on Form 5 was filed approximately one week late. We had no 10% shareowners during 1999.

17

RATIFICATION OF INDEPENDENT AUDITORS (Proposal No. 2)

Our Board of Directors has appointed Deloitte & Touche LLP, independent auditors, to audit our consolidated financial statements for the year ending December 31, 2000 and to prepare a report on this audit. A representative of Deloitte & Touche LLP will be present at the meeting and available to respond to appropriate questions by shareowners.

The Board of Directors recommends that shareowners vote
FOR the ratification of Deloitte & Touche LLP as independent auditors.

AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION (Proposal No. 3)

Our Board of Directors has approved and recommends to the shareowners that they approve a proposal to amend our Restated Certificate of Incorporation to modify the definition of a "permitted transferee" as it applies to lending institutions. The definition of "permitted transferee" is relevant because holders of class A common stock may not transfer their stock prior to the end of the applicable restrictive period, as provided in Article Four, Section (c) (7) of our Restated Certificate of Incorporation, to any person other than a permitted transferee. In addition, even after the restrictive period has expired, a transfer of class A common stock to any person other than a permitted transferee will cause the transferred stock to automatically convert into class B common stock.

The proposed change broadens the definition of "permitted transferee" to

include all types of lending institutions when common stock is transferred to them pursuant to pledges by certain UPS shareowners. The current Restated Certificate of Incorporation provides that pledges may only be made to a "bank or trust company" in order to qualify the institution as a permitted transferee. The proposed amendment to the Restated Certificate of Incorporation would allow the institution to qualify as a permitted transferee even if it did not legally qualify as a "bank or trust company."

The proposed change to the definition of a "permitted transferee" also modifies the requirement that once a shareowner pledges shares to a lending institution, in order to qualify as a "permitted transferee," the institution must agree to "immediately sell" the pledged shares to us in the event that the institution forecloses on the shares. The proposed language provides that the lending institutions would have to agree to "immediately offer to sell" the pledged shares to us, but would not suggest that the sale be required.

The full text of the proposed amendment to our Restated Certificate of Incorporation is set forth in Annex A to this Proxy Statement.

The Board of Directors recommends that shareowners vote FOR the adoption of the Amendment to our Restated Certificate of Incorporation.

SOLICITATION OF PROXIES

We will pay the cost of soliciting of proxies on our own behalf. Directors, officers and other employees may solicit proxies by mail, in person or by telecommunication. We will not pay any additional compensation, except reimbursement for actual expenses, for this solicitation. We will reimburse brokers, fiduciaries, custodians and other nominees for out-of-pocket expenses incurred in sending our proxy materials to, and obtaining instructions relating to materials from, beneficial owners.

18

OTHER BUSINESS

Our Board is not aware of any business to be conducted at the Annual Meeting other than the proposals described in this Proxy Statement. However, should any other matter requiring a vote of the shareowners arise, or should any director nominee be unable to serve or for good cause refuse to serve, the persons named in the accompanying proxy card will vote in accordance with their best judgment.
